Associate Veterinarian - Spencer Veterinary Clinic Spencer, Nebraska

Spencer Veterinary Clinic is seeking a full-time associate veterinarian to join our team. New graduates or experienced veterinarians are welcome to apply.

- Practice caseload 80% large animal (mainly cow-calf, with some backgrounders/feedlot and equine) and 20% small animal
- Well-established believing professional and support staff available to help with mentoring and/or transitioning into a new job
- Four day work week option with rotating Saturday and on-call responsibility
- Competitive salary and benefits including paid CE, medical benefit stipend, liability insurance, professional memberships, IRA matching contribution, and paid time off
- Region likely to periodically be designated VMLRP shortage area.
- Lucrative early buy-in option for the right fit

Spencer, Nebraska is a supportive community that appreciates local service providers. It is located in northeast Nebraska at the junction of Highways 281 and 12. Surrounding small communities rely upon and help support businesses in Spencer. Outdoor activities including exceptional deer, turkey, and coyote hunting, walleye, catfish or farm pond fishing, boating, hiking and camping are easily accessed from Spencer.

Interested individuals should contact Tim Sobotka, DVM, at 402-340-8300 or email spencervet@gmail.com.

Associate Veterinarian/Owner
\$5250.00 Tax Free Student Loan Payment
Until December 2025

Northside Pet Hospital is a growing, progressive practice in Eau Claire, WI. This beautiful city offers bike trails, parks, dining, a farmers' market, art, music, and a great downtown area. It is just an hour and a half away from Minneapolis, MN.

Northside Pet Hospital is a full-service companion animal clinic. Our patients include cats, dogs, birds, and exotics. The human-animal bond is essential to us! We are a positive, hard-working veterinary practice with a compassionate team that provides high-quality care, client education, and communication.

We are equipped with a full in-house laboratory, digital radiography, ultrasound, laser surgery, digital dental radiography, and a rehabilitation suite (including therapy laser and underwater treadmill) for our patient's needs.

We are looking to welcome a full-time or part-time associate veterinarian to our team. We value strong communication skills, a team-oriented approach, and a focus on general medicine, surgery, and dentistry.

While we prefer candidates with two or more years of veterinary experience, we welcome new graduates. A DVM and eligibility for a Wisconsin Veterinary License is a must.

Dr. David Menard, DVM, CCRT, and Dr. Peter Helmbrecht, DVM, bring a wealth of experience, with a combined 60+ years in the field. They are committed to providing mentorship and are eager to learn from the fresh perspectives of new team members.

We offer competitive salaries and excellent benefits, including PTO, continuing education, pet benefits, liability and health insurance, and license renewals. We understand the importance of work-life balance and offer a livable schedule with no after-hours on-call emergency obligations and no weekend shifts. We want our team to feel valued and appreciated for their hard work and dedication.

If you are interested in this position, please send a resume or call to schedule a Zoom Meeting.

Looking forward to hearing from you,

Gloria Helmbrecht Northside Pet Hospital

Zarges Animal Clinic is located in El Paso, Texas and has been proudly serving the El Paso community since 1965. We are proud to be a privately owned, non-corporate practice. We are well-established and our staff is amazing. We are 95% dogs and cats; with 5% equine (for those interested)

We are looking for an Associate Veterinarian to join our team.

We have a newly remodeled clinic with great equipment and cross-trained employees that can help in any area of the clinic. We have a 5 to 1 veterinarian to technician ratio, which frees up Doctors from technical work, allowing them to focus on providing high quality medicine. Our practice includes a full in-house laboratory, ultrasound, therapy laser, fully equipped surgical and dental suites, cryosurgery, HT Vista, Phovia light, PRP and imagyst.

Requirements:

- DVM and Texas License
- Skilled in preventive care medicine
- Skilled in soft tissue surgery and dentistry
- Enjoys a busy, fast-paced environment
- Strong communication and leadership skills
- Effective collaborator
- High standards for patient and client care
- Self-motivated
- Sense of humor
- Detail oriented

Responsibilities:

- Deliver high quality care in performing physical examinations/diagnostic/medical/surgical/dental procedures while minimizing patient stress and discomfort
- Develop and sustain strong patient-client relationships
- Explain findings from examination and discuss treatment plan to owner of pet
- Proper maintenance of client/patient medical/surgical records and make certain all necessary logs are up-to-date through established protocols
- Stay up-to-date with new medical information and attend CE meetings
- Positively represent the clinic in the professional community and to the general public
- Treat every client like family and each patient like your own pet

Benefits:

- Competitive Salary (based on experience)
- Professional Licensure Coverage
- Professional Liability Insurance
- Professional dues (AVMA, TVMA, EPVMA, Texas License)
- Paid time off
- Paid sick leave
- \$3,000 CE allowance
- Additional paid time off for CE
- Simple IRA with employer match
- Employee discount
- Uniform allowance
- 9 paid Holidays (Memorial Day, Fourth of July, Thanksgiving, Christmas Eve/Day, New Years Eve/Day, 1/2 day Good Friday, 1/2 day Black Friday)

We appreciate your time for reading this over! If interested or want to learn more about the Associate Veterinarian position available, please contact us at (915) 584-9471 or email us at zargesanimalclinic5820@yahoo.com

“Helping clients with their companion animals or large animal needs is what I really enjoy while working at the Sibley Veterinary Clinic. I've been able to expand my knowledge in the veterinary profession and every day I'm learning about new medications, procedures, and diagnostics. I've gained a lot of friendships through this business and I hope to continue to grow as a person to better help others.”

Sister Clinic in Ft. Madison, IA

319-372-4841

Check us out on Facebook!!

Come join us in southeast Iowa! Walljasper Veterinary Clinic is a mixed animal practice in Ft. Madison and West Point. Well established in the community with 2 locations. Growing client list with room to expand interests for large and small animal. Gas anesthesia, monitoring equipment, dental machine, in house labs, ultrasound, digital rads and portable chute. Surgery opportunities for externs through our shelter program. Our 2 doctors enjoy mentoring externs/new grads! We emphasize a family friendly, small-town atmosphere. Work/life balance is a high priority and we work to create healthy boundaries (don't miss life's important events!) We have a flexible schedule, and you can help create the workday you prefer. We have an awesome support staff who you definitely want to meet! New grads very welcome to apply!

Southeast Iowa is a family friendly location. A rural, yet well populated area, with many events/activities to offer. We are located next to the Mississippi river, have multiple state parks, walking trails, etc. for those interested in outdoor activities. A very active/involved community in general with frequent events to attend (wine walks, farm to table dinners, dances, festivals, concerts, etc.). Also, located close to Burlington, IA, and Fairfield, IA and an hour drive to Iowa City, IA for larger town amenities.

- We are hiring an associate veterinarian and would love to mentor a new graduate.
- We are accepting externships for students and are excited to mentor and be part of your educational experience!

Please contact us at the above email address if interested in the associate position or externship. We can't wait to hear from you!!

Externships and Summer Positions Available Nationwide

Our externship program is dedicated to contributing to your practice-readiness and to help you hit the ground running after graduation. Our externships are flexible and are designed to allow first through fourth-year students, under veterinary supervision, to practice the problem solving, technical, and communication skills that you have acquired during your clinical preparation.

Mentorship Program

At VPP, no two hospitals are the same. No two veterinarians are the same either. We are all unique! We work with you to design collaborative mentorship programs to match your individual learning style, creating an environment to promote growth and help you succeed.

LIVESTOCK
AN AGRI BEEF COMPANY

APPLY HERE!

TITLE: STAFF VETERINARIAN

Posted: November 2024
Type: Full Time
Location: Boise, Idaho

Contact: Dr. Annika Johnson
(515)210-0762
Annika.johnson@agribeef.com

DESCRIPTION

The Staff Veterinarian role was created as a partnership between Agri Beef and Veterinary Research and Consulting Services (VRCS) to help develop future leaders and team members in the beef cattle industry. Combining Agri Beef's vertically integrated beef production system with the veterinary expertise and coaching from VRCS, the Staff Veterinarian position is a hands-on, immersive learning and development opportunity to progress both as a leader and veterinarian. With a focus on practicing integrated evidence-based veterinary work, the Staff Veterinarian will work to investigate epidemiological outbreaks and poor cattle performance to create favorable future outcomes. The Staff Veterinarian oversees the health program, breeding soundness exams, and State mandated trich testing requirements for the Wagyu bulls that are the backbone of the world-renowned, Snake River Farms American Wagyu Beef program. Experienced practitioners, as well as new graduates, are encouraged to apply!

SCOPE

- 99% Beef Cattle, 1% Equine.
- Licensure and USDA Accreditation in Idaho, Washington, Oregon, California, Nevada, Montana, and Wyoming.
- Position based out of Boise, ID with up to 50% travel depending on the season.
- Veterinary training and mentoring provided by current Staff Veterinarian and the team at Veterinary Research and Consulting Services LLC.

ESSENTIAL DUTIES AND RESPONSIBILITIES

AB Genetics (Snake River Farms Program) (40%)

- Work to maintain the health and well-being of the Wagyu bull herd.
- Ensure that all bulls are sound and fertile prior to the breeding season.
- Ensure that all bulls are compliant with State mandated trich testing requirements.
- Assist with the planning and execution of bull and heifer development.
- Assist with advanced reproduction projects such as AI, ET, and OPU.
- Aid in various research projects, data collection, pregnancy diagnosis, and ranch consulting.

AB Livestock (40%)

- Provide integrated evidence-based medicine, technology, animal husbandry and management practices to feeding partners (feedlots, growyards, and pasture) who raise and feed outside company owned cattle.
- Provide regulatory work for feeding partners such as CVI, VFD, and prescriptions.

Veterinary Research and Consulting Services (20%)

- Assist Veterinary Research and Consulting Services LLC in implementing and monitoring animal health programs at internal company feedyards. <https://vrscslc.com/>.

General Responsibilities

- Drive the STAR Commitment for Animal Well-Being throughout the organization as we recognize livestock as the foundation of our livelihood. <https://www.agribeef.com/animal-well-being/>.
- Set annual research goals to ensure learning and growth is always occurring.
- Drive continuous improvement in every aspect of the business.
- Self-report excellence.
- Perform other related duties as assigned.

QUALIFICATIONS

- A humble learner who seeks first to understand and then to be understood.
- Excellent communication skills incorporating a "listen first" mindset.
- Demonstrated performance as a servant leader who focuses on the details.
- Organization skills: time management, responsiveness, and cleanliness are imperatives.
- Smart about people, process, and performance.
- Understanding of regulations applicable to the business.

EDUCATION AND EXPERIENCE

- Doctor of Veterinary Medicine (DVM) or Veterinariae Medicinae Doctoris (VMD) required.
- Practical experience in cattle production and population medicine; Up to date knowledge of the industry.
