**Suggested Cover Letter Format**

The Division of Receipt and Referral (DRR), Center for Scientific Review (CSR) is responsible for assigning applications to institutes and centers (ICs) and to Scientific Review Groups (SRGs). DRR will be utilizing knowledge management approaches as an adjunct to the work of referral experts as part of an overall plan to shorten the time from submission to review. Analysis has shown that requests made by investigators are a valuable source of information in this process. In order to facilitate the use of these requests in conjunction with knowledge management analysis of the content of the application, applicants are requested to use the following format when assignment requests are contained in a cover letter.

1. List one request per line.
2. Place Institute/Center (IC) and SRG review requests (if both are made) on separate lines.
3. Place positive and negative requests (if both are made) on separate lines.
4. Include name of IC or SRG, followed by a dash and the acronym. Do not use parentheses.
