This contract certifies that a breeding exists for the 2015 season, between ISU LVMC (Stallion Owner & Management) and ___________________________ (Mare Owner as shown on registration papers), for the following mare:

Mare Name: ___________________________ Age: ___________ Breed: ___________________________
Registration #: ___________________________ Color: ___________________________

This breeding comes with a live foal guarantee. A “live foal” shall stand and nurse (or be hand fed), for a period of 72 hours. If the mare is proven barren, aborts her foal, the foal is stillborn or the mare dies prior to foaling, the Mare Owner shall be entitled to return privileges. This will apply only if the Stallion Owner is notified within one week that the mare has been confirmed not in foal or foal/mare has died. This notice must be accompanied by a veterinarian’s statement. Under the foregoing circumstances and upon receipt of the specified notice, it is agreed:

a. Stallion Owner shall give to Mare Owner a return privilege to the stallion the following year only and to the same mare originally booked (unless otherwise mutually agreed in writing between Mare Owner and Stallion Owner).

b. If Mare Owner fails to deliver the mare (or a substitute mare if mutually agreed as stated above) for re-breeding the following year, then any and all fees paid shall be forfeited; the right to rebreed is thereby cancelled and the Stallion Owner is released from any further obligation whatsoever.

c. If the mare dies or becomes unfit to breed then another mare may be substituted if approved by the Stallion Owner.

This contract is not transferable and Mare Owner may not assign any rights or delegate any duties without the written consent of the Stallion Owner. In the event the mare is sold or otherwise disposed of prior to the birth of the foal, the live foal guarantee will no longer be valid (unless Stallion Owner is notified of transfer of ownership).

The Mare Owner must have their mare checked for pregnancy and provide ISU LVMC an updated status by August 1, 2015 to be included on the stallion report. After this date, Mare Owner is responsible for late filing fees associated with listing the mare on the stallion report.

If for any reason the mare is unable to be settled in a reasonable period of time another mare may be substituted during the same season, with the approval of the Stallion Owner.

It is further agreed that should the above stallion die or become unfit for service, frozen semen may be offered at the Stallion Owner’s discretion. There will be no refund of any part of the stud fee.

The Breeder’s Certificate will be issued only after all fees (stud fee, veterinary/board or semen shipping) have been paid.

The breeding season will open February 1 and close June 30. Collection days are Monday, Wednesday and Friday.

**ON-SITE BREEDING AT LVMC at ISU:**
Breeding management package fee (fresh/cooled semen)* $450/cycle, which includes ultrasound examinations and semen collection and artificial insemination for ONE heat cycle

*Package does NOT include board which is $25/day dry mare & $28/day wet mare

*Package does NOT include the 14-16-day pregnancy check ultrasound examination

1. Mares will not be accepted unless properly halter broke.

2. Stallion Management will exercise judgment in care and supervision of mare and/or foal. A veterinarian will examine mare for normal breeding conditions and will administer medical care as deemed necessary for the health and safety of the mare and/or foal. Such charges shall be paid whether or not the mare is settled. Veterinary and boarding charges will be billed directly to Mare Owner. All expenses will be paid by Mare Owner prior to mare’s departure from LVMC at ISU. If the mare is to be picked up after hours, prior arrangements for payment will need to be made in the form of a credit card.
3. Mare shall be healthy, in sound breeding condition and current on all vaccinations (specifically EWT, Flu/Rhino) and
deworming and have a negative coggins test within the last 12 months. The LVMC at ISU attending veterinarian retains
the authority to vaccinate and/or deworm any mare presented to LVMC at ISU for breeding should they deem appropriate;
all charges will be billed directly to the Mare Owner.

4. Additional fees including but not limited to uterine lavage, uterine culture, uterine antibiotic treatments, ovulatory
agents, caslicks, sedation, etc. are NOT part of the breeding management package fee and will be billed to Mare Owner
separately.

5. LVMC at ISU agrees to diligently try to settle the mare. If she does not settle, the ISU LVMC (Stallion Owner &
Management) will not be held responsible.

6. I understand that the Stallion Owner, the attending veterinarian and Stallion Management & employees will not be held
responsible for injury, escape, sickness or death to mare and/or foal and they assume no liability for injury or death to any
person associated with Mare Owner.

COOL SHIPPED SEMEN:
Cooled Semen Overnight FedEx: $300/mare/shipment
Same Day Counter-to-Counter: $300/mare/shipment plus applicable shipping charges dependent upon destination
Cooled Semen Pickup: $250/mare/pickup

1. Semen orders MUST be placed and/or confirmed NO LATER than 9 AM CST on the day of collection. It is the
responsibility of the Mare Owner to make sure their attending veterinarian knows the order deadline and follows it as
requests for semen after 9 AM will not be honored. Priority will be given to requests with the most advance notice.

2. Should there be a lack of semen for all requests on any given collection day, Stallion Management has the authority to
dictate which mares receive the semen. Priority is given to mares at LVMC at ISU facility. If available, frozen semen will
be offered, at the discretion of the Stallion Owner, for an additional fee.

3. Collection & shipping fees MUST be paid prior to semen shipment; if, for whatever reason, payment cannot be
obtained prior to the shipping deadline (2 PM) the semen will not be sent...NO EXCEPTIONS. LVMC at ISU
accepts Visa, MasterCard and Discover; this credit card will be maintained on file as a shipping container deposit (see
below).

4. If an Equitainer is utilized, it must be returned to ISU LVMC within 4 business days or the Mare Owner will be
charged $300 on the above provided credit card. Disposable cardboard boxes are not required to be returned.

5. LVMC at ISU cannot be held liable for semen once the shipment leaves the LVMC at ISU facility.

I agree to the terms outlined in this breeding contract with ISU LVMC (Stallion Owner & Management).
