March 11, 2020

To: Referring Veterinarians to the Lloyd Veterinary Medical Center

Iowa State University is monitoring the outbreak of COVID-19, a disease caused by the new coronavirus. A decision has been made in consultation with the Board of Regents to move all Iowa State University classes online Monday, March 23, through April 3, 2020. The period of online instruction may be extended if conditions warrant.

The Lloyd Veterinary Medical Center will remain open during this time and we are still accepting patients. Should illness or any other issue decrease our staffing significantly, the Lloyd Veterinary Medical Center may need to modify our services.

At this time there are no cases of COVID-19 on campus or in Story County. However, we would like to urge caution and highly encourage clients to reschedule appointments if they are sick or have recently returned from international travel.

Please don’t hesitate to contact me if you have any questions or concerns.

Thank you.

Stephanie West, DVM
Director of Hospital Operations
