

Internship in Theriogenology

Please see “House Officer Programs: General Information” for basic information common to all internship and residency programs. The following information highlights specific program requirements of the Theriogenology internship program.

Program Director: Dr. Tyler Dohlman (tdohlman@iastate.edu; (515)-230-7788)

Faculty Diplomates serving as supervisors and potential advisers of the program:

- Tyler Dohlman, DVM, MS, DACT
- Caitlin Wiley, DVM, MS, DACT
- Theresa Beachler, DVM, PhD, DACT
- Eleas Wu, DVM, MS, DACT

Prerequisites and Application

- Candidates must have successfully completed a DVM, or equivalent, degree from an accredited veterinary school.
- The intern for this program should have a strong interest in pursuing a residency program with the American College of Theriogenologists or a reproductive-focused career in private practice.
- In addition to the application, an interview may be required with the Theriogenology faculty via phone or in person.
 - After reviewing the applications received, the faculty will extend invitations via phone and email to potential candidates.
 - The faculty will specify a two-week period of time during which the applicant can schedule their interview via phone or in person.
 - Applicants who do not agree to or are not able to arrange an interview will not be considered further.

Clinical Program Requirements

Theriogenology Intern Schedule (1 year)
37 weeks in Therio (SA/EQ/FA) with direct contact with a board eligible or DACT diplomate**
4 weeks In Cryopreservation Lab or working on publishable research project
2 weeks in Medicine or Surgery (Large or Small Animal)
2 weeks in Anesthesia
2 weeks in FA Embryo Transfer
2 weeks in Diagnostic Pathology (VDL or VetPath)
2 weeks Vacation
1 week Orientation

**After-hours and emergency expectations during weeks on Theriogenology:

- The Theriogenology intern will assist in emergencies on weekends and holidays.

Seminar/Rounds Requirements

Rounds type	Frequency	Day/Time	Commitment
HO Seminar/Case Presentation	Weekly	Thursdays @ 8am	Required
SA Intern Rounds	Weekly	Mondays @ 8am	Optional
Therio Topic Rounds/Journal Review	1-2x weekly	TBD	Required
LVMC Morbidity & Mortality Rounds	Monthly	2 nd Tuesday @8am	Optional
VDPAM Morbidity & Mortality Rounds	Monthly	1 st Friday @ 7am	Optional
VDPAM Clinical Group Meeting	Bi-monthly	2 nd & 4 th Fridays @ 7am	Required

Scholarship and Teaching Requirements

- Teaching and presentation requirements
 - The intern will participate in the instruction of clinical students. Participation in CVM student laboratories will be assigned. In addition, didactic teaching may be assigned to the intern.
 - The intern is encouraged to attend and participate in continuing education meetings sponsored by the CVM or by local, regional, or national veterinary organizations.
 - The intern is encouraged to apply for specialty training, presumably in theriogenology, in the fall. This can be done through an academic residency program or the practitioner's route.
- Research requirements
 - The intern is expected to participate in ongoing clinical research. The faculty may have projects the intern can be a part of, or if they wish, can formulate and pursue their own project. Preparing and submitting a manuscript for publication is strongly encouraged, but not required.
