Laboratory Use Only: Laboratory Supervisor Signature Date of Approval

Important Notes- We are not a GLP laboratory. If any of the data derived from testing will be submitted for safety or efficacy to FDA, CVB, EPA, NCI, another federal agency, or corporate organization, you are required to notify us of the agency and present the applicable regulations to our laboratory. We then will determine if we can be in compliance to perform the testing. Samples submitted at 4pm or later - cannot guarantee same day results.
